Old Fashion Barbecue

On last Saturday an old time barbecue was pulled off at Peeled Oak, Bath county. Six sheep and a beef were served in barbecue style, having been prepared by an expert, to a crowd variously estimated from 1,200 to 1,500 people. The barbecue was given by friends of John G. Winn, candidate for the Democratic nomination for Circuit Judge of this district, and while the invitations were general and everybody in that section turned out, it was estimated that 90 per cent of the voters present were for Winn. Mr. Winn was present and addressed the women in the forenoon and his speech in the afternoon to the men was a master effort. He told the people what he stood for and how he would dispense justice should he be nominated and elected to the office of Circuit Judge. Every utterance apparently made a favorable impression as they were gladly received.

ARSENATE OF LEAD WILL KILL TOBACCO WORM

Arsenate of lead is a deadly poison for the tobacco worm which has already made its appearance this year, and should be treated immediately. Unlike Paris Green the lead is safe and effective and not disagreeable to handle.

Arsenate of lead controls the work satisfactorily and is preferred to Paris Green which has in the past been the favorite insecticide. The lead sticks to the tobacco leaf longer and rarely causes any burning of the plant even when used to excess and causes very little irritation to the skin of the one who is brushing it on the plant. It is safe and effective in rainy weather. It should be applied at a rate of 3 1/2 pounds an acre in powdered form and should be put on with a dust gun that is large enough to make air force so strong that the lead will stick to the leaf. A dust gun with a small fan wastes the insecticide. The plants should be dusted when there is not a breeze and when the dew is on the plant. A good hand can dust ten acres of tobacco plants a day.

Mrs. Elizabeth Johnson Fractures Hip

Mrs. Elizabeth Johnson, one of this city's best known and most beloved women, fell on the gallery of the Olympian Springs Hotel Saturday, breaking her hip. Mrs. Johnson was seated in a chair doing some needle work and arose to pick up a spool of thread which she had dropped and lost her balance, falling and fracturing her hip. She was taken to Lexington Saturday afternoon, accompanied by her daughters, Mrs. John Speer and Miss Susette Johnson, and placed in the Good Samaritan Hospital. Late reports from Mrs. Johnson's bedside indicate that she is doing well and the fractured member has been set but it will be some time before she will be able to be brought to her home.

Automobile Accident

Sunday afternoon late, Mr. and Mrs. John Cline and their children were driving in their car on the Paris pike near the Charles Duff place, when an unknown man driving a Ford, attempted to pass on the narrow road. The Ford ran into the front wheels of the Cline car, overturning it and throwing its occupants to the ground and pinning them underneath the car. The children escaped without injury. Mr. Cline is suffering from a badly wrench shoulder and Mrs. Cline was badly hurt. She was cut and bruised about the face and body and it is feared that she is internally injured. The identity of the man who caused the accident is still unknown, as he did not stop his car, but kept going.

THE SICK

Mrs. W. E. Hatton who has been quite sick, is very much improved.

Dan Welsh McDonald, little son of Mrs. James McDonald is quite ill at his home on Sycamore St.

Rufus Hadden, who has been quite sick for the past few days, has returned from Lexington, where he went to consult a specialist, and is somewhat improved.

We don't blame the returned soldiers for rearing up and acting peevish. We'd get sore too, if we went over there and won the war and were sent back home because the war was over and there was no fighting to do, and get home in time to face "wartime" prohibition that became effective six months after war ended.

There are various notions of a good time; being a martyr is the favorite indoor amusement of many women.

The size of the crowd at a political meeting is subject to the widest range of estimation.

A savage's idea of a good time is to torture his enemies instead of imposing on his friends.

No man has much luck at loving his enemies, although his friends may cause him more trouble.

Wholesome Advice

Lon Hovermale, editor of the Licking Valley Courier, has returned from his annual vacation loaded with good things for a worthy constituency. The county of Morgan has always been a leader in things progressive with the commendable idea that nothing is too good for the citizens of Morgan county. The editor says:

"The only thing lacking to make our county a paradise to live in is good roads. The west has risen to and solved the problem of road building and even in the deserts they have good, hard-surfaced roads. In the vast stretches of volcanic ash and sage brush of Wyoming, apparently the most uninhabited spot in the world, they have good roads and are reaping the benefits from same. Streams of tourists keep a flow of money coming in and many towns derive all their revenue from that source. In the agricultural sections good roads have made the farmer prosperous beyond any thing that our people can conceive.

The citizens of Morgan county should wake up to the inestimable advantages of good roads and unite to make her roads the best. Good road building is the best investment that can be made. The time has come when we cannot afford to do with bad roads. The very existence of our business and farming depends on the building of good roads, and they are the one necessity we must have."

You are right Brother Hovermale, and we hope to see the day when Morgan with her ambition and bounty will be accessible to the world's greater markets.

WILSON OUT OF SHEEP BUSINESS

President Wilson has decided to retire from the sheep business. The White House flock of 48 prize sheep which has kept the lawn mowed for three summers is to be sold. The field of wood, which always goes to charity, this year went to the Salvation Army. In 1918 the flock produced 98 pounds of wool, which was sold by the Red Cross throughout the country, bringing in more than \$52,000. The original flock of 18 head was obtained from William Woodward, who has a farm near Bowie, Md., where it was said at the White House, George Washington once obtained a herd of deer to stock the grounds at Mount Vernon.

Roy Tucker Married

Friends of the young couple in this city will learn with interest of the marriage of Roy Tucker and Miss Gladys Raybourne, both of Clark county, which took place in Louisville Friday. Both Mr. Tucker and his bride are well known here, having frequently been guests of friends in Mt. Sterling.

PIE SUPPER

There will be a pie supper at the Stoops school house Friday night. The public is cordially invited to attend.

SUDDENLY KILLED

J. Frank Hanly, former Governor of Indiana, met death near Dayton, Ohio, on Sunday when a train struck the car which was conveying him to Kilgore, Ohio. For many years Gov. Hanly was a Republican leader in Indiana, was elected and served as Governor and at the close of his term became a prohibition leader and continued as such until death.

If a man stays around the house all the time his wife has no use for him and if he stays away from the house all the time she is as mad as a wet hen.

Large Delegation To Go From Montgomery

A meeting of the farmers of the Burley District will be held at Lexington Wednesday, the 4th, for the purpose of considering the advisability of cutting out the 121 tobacco crop and a large delegation of Montgomery county farmers are planning to attend this meeting.

DEATH CLAIMS AN ILLUSTRIOS CITIZEN

Farmer Attorney General of Kentucky, and once the Democratic nominee for Governor of Kentucky, yielded to the death touch and passed on to his reward on Wednesday. General Hardin possessed oratorical gifts and a historic mind, was a lawyer of rare attainments and made a most excellent Attorney General.

His remains were taken to Frankfort where, after a funeral oration, was delivered by his talented son. His remains were buried in the Frankfort cemetery.

RESIGNS FROM FORCE

Mason Thomas has resigned as a member of the Mt. Sterling police force and has accepted a position with John E. Freeland, the Bank street blacksmith. He will be glad to have his friends call on him at that place.

SELL CARS

John C. Swope sold and delivered the past week Studebaker touring cars to W. W. Eubank and R. D. Shroud.

Capable And Deserving County Superintendent

Prof. R. W. Kincaid, County Superintendent of Bath county was in this city Monday enroute to Lexington to attend the State University session of Summer School and will be absent from his county duties during the summer school term of the university. Prof. Kincaid is an up-to-date school man, young, ambitious and studious, and is a man the Democrats should have in mind for their nominee when the time comes to select from our best material for the office of State Superintendent.

PRODUCE REVIEW

The egg market has been steady, with production practically sufficient for current requirements, though it is reported a small quantity has been withdrawn from storage. The quoted butter market is somewhat easier. The storing season appears to be over, dealers apparently not caring to continue to store. Production is still fairly good and this is causing increased supply of butter in the United States for current sales. There has been little change in butterfat prices from previous week, but the tendency is lower. Prices on live fowl are slightly higher with a steady tendency—movement fair. Live broilers are being offered in larger quantities, and prices have declined from those quoted last week. The market has a lower tendency on account of constantly increasing receipts.

BIRTHS

Mr. and Mrs. Porter Huls are receiving congratulations from their friends over the arrival of a lovely little daughter at their home, Saturday morning. She has been named Ann Reed.

RESIGNS POSITION

Henry Reid, has resigned his position with the Vanarsdell Co., and will be succeeded by Wade Richardson.

Goes To Birmingham

Rev. J. B. Meacham, former pastor of the Southern Presbyterian church of this city, and who has been called from the pastorate of the Presbyterian church at Moultrie, Georgia to the second Presbyterian church at Birmingham, Ala., has accepted the call and will enter on his duties there about Sept. 1. This is quite a compliment to Mr. Meacham for the Birmingham church ranks with the first Presbyterian churches of the South. This removal places the two bosom friends, Rev. Meacham and Dr. J. Randolph Hobbs, of the First Baptist church, Birmingham, who were pastors here at the same time, neighbor pastors in this Southern city. Mrs. Meacham, formerly Miss Anna Laura Sharp, and Mrs. Hobbs, formerly Miss Elizabeth Drake, educated at the same school, are also fast friends. We congratulate the Birmingham church in securing Mr. and Mrs. Meacham to go in and out before them and we hope they will lead their religious body to higher planes and to greater activities.

WORTH MANY TIMES THE COST

Ed. Wood, of our city, has accepted an agency for the Allen Bath System. This invention is already being used by millions with most wonderful results produced by the mechanical appliance of water. The invention is practical and should be seen at his rooms at Mrs. P. L. Reese's on East Main street. The inventor, Mr. Willard E. Allen, relative to this invention says, "since completing this invention I have received thousands of unsolicited letters filled with praise and congratulations from delighted patrons. I value this praise more than I do the money which preceded it, for it shows that my efforts to benefit humanity have not been wasted. These letters show that I am doing a great good in the world, and that, it seems to me, is a reward to be valued more highly than dollars."

MT. STERLING HORSEMAN AT ASHLAND FAIR

Harry Larsen has taken his fast runner, "Mascot" to Ashland where he will be entered in the races at the Ashland Fair next week.

A warm heart is better than a clear head; We like the red roses better than white ones and love is stronger than law or language.

CAMPING PARTY

Mr. and Mrs. Stewart C. Sharp will chaperon the following party in camp at Oil Springs this week: Misses Eliza Goff, Pearl Pieratt and Bernice Conley, and Messrs. Robert Stone, Taulbee May and Levi Goff.

SERIOUSLY ILL

Sanford Allen, banker, of Millersburg, is seriously ill with paralysis. Mr. Allen has been a successful banker for many years and is a close relative of General Allen, chief in command of the American army in France, and is also closely related to the distinguished Allen family of Sharpsburg.

Judge McKee Elated Over His Prospects

Judge H. Clay McKee is at home from a whirlwind speaking trip where at many points in this district he gave reasons why the Republican party should name him as their nominee for congress. The Judge is very much encouraged over his prospects. He spoke to an attentive audience at Morehead Monday and believes he will receive a big vote in Rowan. Republicans of that county are alive to their political creed and are claiming the county by 125 majority over the Democrats but when they hear from the various precincts they may change their mind and wonder how it happened.

Menee County Loses 374 By Census Report

Menee county has decreased in population 374 between 1910 and 1920, according to the preliminary census announcement. Menee county's population in the 1920 census is 5,779, whereas in 1910 it was 6,153 and in 1900, 6,818. The population of Frenchburg, according to the 1920 census is 270 as compared with 172 in 1910, an increase of 98. Frenchburg's population in 1900 was 210. A loss of 374 for the county equals nearly a loss of 75 families.

State Benevolent Lodge In Session Here

The Colored Benevolent Grand Lodge of the State of Kentucky is in session here with about 60 delegates present. Paul Jones, of Frankfort, formerly of this city, is Grand Master.

CAMPING PARTY ON CUMBERLAND RIVER

The following party chaperoned by Mr. and Mrs. Claude Paxton, of Ashland, are spending the week at the Mt. Sterling Fishing Club on the Cumberland River: Misses Mary V. Robertson, Anna B. Pinney, Mary Crail, Dorothy Tyler, and Messrs. Howell Hunt, Claude Killpatrick, Jesse Hainline, of this city, and Matt Skinner, of Winchester.

WORTHY OF EMULATION

The Evergreen Colored Baptist church, of this city, has a contributing membership of 75 members and this body, not one of them with money to loan, raised on their grand rally day, June 25th, \$580.

Aids to Grace and Beauty

PRISCILLA DEAN

In these hot summer days it is more necessary than ever to guard one's complexion against the sun, salt water and dust.

Many young girls, who are fortunate enough to be able to spend the summer at the beaches, give no care to the face, neck and arms during the period that these parts are so mercilessly exposed to the elements.

They allow a coat of tan to gather over a terrific sunburn, their arms freckle and may become fat and overweight in the days of idleness spent in lounging around the sands and hotel piazzas. This is not the way to spend a vacation so that it will do you good, as vacations are intended to do.

A rest is all right. We all need vacations, but we want to see that they benefit us and not return much the worse for wear.

When you start for the seaside, see that you are properly equipped with the necessary toilet articles for some line of defense against Old Sol.

A cream put on as a foundation

for powder and rouge, is the first thing to be considered. Any toilet article firm makes such a cream. If you ask in a reliable drug store for a foundation cream, you will doubtless be successful in getting the right article.

Then there is a night cream. This is the most essential of all. Do not retire without first having removed the traces of the day's toil. While you sleep the little particles of dust and dirt can play havoc with your skin, and you will soon find out if you do not apply a little preventive.

A night cream is an easy thing to get and at the same time buy a lotion to put on the arms and neck and face after swimming. The face burns the quickest if the sun is allowed to dry it while wet with salt

A very important and usually overlooked factor in the summer vacation kit is a preventative for respiration.

It makes no difference how prettily you are dressed, or how smart your appearance, a woman is never beautiful with respiration odors about her. There are many remedies for excessive respiration. Some are liquids, others salves, etc., but I know of something that is by far more effective and less expensive; plain bicarbonate of soda.

Apply the soda as you would powder, night and morning, and you will never be troubled with respiration. It is used, before and after bathing as well.

If you spend your vacation at a hotel, don't hang around like a listless flower, gossiping and crocheting. If you do you will be fat as sure as you are alive. Nothing puts on weight more than eating a great deal, little exercise and fresh air. There are plenty of things to do. Hustle around and find them. I can't tell you, for I don't know the place you may select, but if you will take my advice, you will go in the heart of the woods and camp, fish, swim and have a regular vacation. Deliver me from hotels.

As for clothes, dress loosely. Don't wear your clothes as tight as you do in winter. Allow plenty of room to breathe. The dresses of the mode are designed to give plenty of room for action, breathing, eating and dancing. You can be fashionable and comfortable.

Don't over eat and when you do eat, salads, cold meats and drinks are the best for hot weather. You are not so much in danger of heat

and nervous prostration when you refrain from overheating the body. Avoid steaks, chops, hot soups and heavy dining.

Last but not least—keep calm. Don't rush and tear around as if the next minute on earth was to be your last. We Americans hurry too much. Summer or winter they never slacken their speed and very soon the machinery wears out. You cannot be beautiful and chase a street car or train. Take it easy and you will get out of the summer the thing for which it is intended, rest and relaxation.

Giving Out

The Struggle Discourages Many a Citizen of Mt. Sterling

Around all day with an aching back, can't rest at night; enough to make any one "give out." Doan's Kidney Pills are helping thousands.

They are for kidney backache; and other kidney ills. Here is Mt. Sterling proof of their merit:

Mrs. J. C. McDonald, 115 Queen St., says: "I suffered with my back and had not energy to do my work, especially mornings. I had such dizzy spells I would almost fall. My kidneys weren't acting right at all and I had frequent headaches and nervous spells. Doan's Kidney Pills, procured from Land & Priest's Drug Store, strengthened my back and relieved the dizzy headaches and other symptoms of kidney trouble."

Price 60¢, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. McDonald had.

EXPERIMENT STATION HOGS EAT SUDAN GRASS

A long felt need for a hog pasture crop for late summer when other pasture crops are not available may be filled by the Sudan grass. When Sudan grass is sown early a hay crop can be cut in the first part

of July and the second growth used for hog pasture. This year Sudan grass sown in May was nearly waist high on the Kentucky Experiment Station farm, July 1. It was a small area but was grown on rich land.

Hogs were turned in on one Experiment Station plot about the middle of June and they ate it down in preference to rape. They were taken off when the stand was hogged and the grass was sprouted up merely again despite the dry condition of the soil.

Agronomists do not give unqualified recommendation to Sudan grass because of this short trial,

but they see no reason why it would not fill the need. Hogs should be ringed before turning into a Sudan grass pasture or they will injure the stand by rooting.

There is more Catarrh in this section of the country than all other diseases put together, and for years it was supposed to be incurable. Doctors prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Catarrh is a local disease, greatly influenced by constitutional conditions, and therefore requires constitutional treatment. Hall's Catarrh Medicine, manufactured by F. J. Cheney & Co., Toledo, Ohio, is a constitutional remedy. It acts internally and acts thru the Blood on the Mucous Surfaces of the System. READY FOR DELIVERY

Governor James M. Cox, Democratic nominee for the Presidency, has finished his address of acceptance and will deliver it the coming Saturday. It comprises about 10,000 words and contains all the information the Republican nominee wants on the League of Nations and is said to be so plain and perfectly in accord with all soldierdom that it will not require any urging of them to get together. There will be a oneness in thought and heart beat that will carry all "over the top" with the to-be Chief Executive, "the unbeatable" James M. Cox.

COMMENTS

"Bobeye" Coleman, champion talker of the State, and Robert M. Trimble, Jr., will have charge of the membership drive to be held Tuesday, August 11th. Every business man in Mt. Sterling and Montgomery county is wanted and needed in this association, so please do not turn a deaf ear to the membership committee.

Did you get a funeral notice? We hope not for the ones that did missed one of the best meetings that we have had. If you did get one BE SURE and come to the luncheon August 11th. Don't forget to see Keller and get your ticket.

Did you know that MT. STERLING is right in "the line of fire" of the Union Transportation Lines of Louisville operating auto-truck freight and express lines throughout the Blue Grass Region? This company is successfully operating several lines at the present time and hopes to reach Mt. Sterling in the near future.

There is no relief at present for the cattle car shortage but Mr. Booth, head of the car situation at Richmond, Ky., promises us that as soon as there are any cars available that Mt. Sterling will have her share.

Mt. Sterling has the "foundation" for the liveliest Chamber of Commerce in the country—all it needs to make it a "howling success" is for every wide awake citizen to become a member and get to work. If you are a DEAD ONE the Chamber of Commerce will hang a crepe on your door.

Mt. Sterling will have cleaner streets in the future—why—because the Chamber of Commerce is going to see that the streets are cleaned up regularly and kept clean.

The best men in Mt. Sterling and Montgomery county are members and will be members of the Chamber of Commerce—why not fall in line and be one of the best? Come on—be a leader!

President H. G. Hoffman has been neglecting his own business for the past few weeks—he has been devoting his valuable time to the perfecting of the organization of the Chamber of Commerce of Mt. Sterling AND Montgomery County. If he can devote nearly all of his time to this organization can't you devote a wee small part of your time and come to the meeting August 11, sure we will have a good lunch—served by the Country Woman's Club, price only 75c.

The Board of Directors of the Chamber of Commerce is by far the best Board of Directors in the State—better than any corporation or bank anywhere.

The Chamber of Commerce wishes to express its appreciation to the newspapers of the city for throwing open the columns of their papers for the use of the club.

Fake advertising solicitors will go-a-begging in Mt. Sterling from now on. The Chamber of Commerce has put its foot down on this nuisance.

TOO SWEET

An exchange gives out the following, an exceedingly sweet incident:

"A fellow eased into the office the other day with his right hand firmly clenched over a mysterious object. He hesitated a long time, then reluctantly shoved it at us in payment of his subscription. But good as it looked, we could not bring ourselves to the point of taking it, for we are an honest man and have never yet taken advantage of another man in a deal. It was a coin of our new circulating medium—a lump of sugar."

TO ADDRESS FARMERS

AT STATE FAIR

James R. Howard, President of the American Farm Bureau Federation, will address the farmers of Kentucky on Friday, September 17, at the State Fair. His subject will be, "What the Farm Bureau Federation Is Doing." Besides Mr. Howard there will be other speakers of national prominence.

James R. Howard, the first president of the American Farm Bureau Federation, is a farmer—and the sort of farmer, too, who produces record breaking crops—but his vision is not confined to his own farm or to his native state of Iowa. He is a University of Chicago man and uses his scientific knowledge on his 480 acre farm.

Recently Mr. Howard completed a tour of the great agricultural states and came back from that more enthusiastic than ever for the Farm Bureau work. Not only is Mr. Howard an excellent speaker, but he writes as well as he talks. Magazines, newspapers and newspaper

SOCIAL EVENTS

Tea

Mrs. Margaret Apperson Gaitskill and Miss Mary Apperson have issued invitations to an informal tea to be given Wednesday afternoon, at their home "Apperson Hill" from 4 to 6. The affair will be given in compliment to the Rev. and Mrs. A. J. Arrick.

For Miss Ratliff

Mrs. Halley Gillaspie has issued invitations to a children's party for Thursday afternoon at her home in the country. The party will be given in honor of her young sister, Miss Katherine Ratliff, and the children are looking forward to the event with much pleasure.

Mr. and Mrs. Samuel L. Taylor entertained on Thursday evening with a beautifully appointed dinner at their elegant country home, "Crescent Hill." Covers were laid for Mr. and Mrs. Taylor, Judge and Mrs. H. Clay McKee, Mrs. Ida Snook, of Chicago, Mayor and Mrs. Reid McKee, Mr. Kenneth Howell, of New York, and Miss Elizabeth Lockridge.

For Mrs. Stiles

Mr. and Mrs. Frank P. Boyd were hosts at dinner Sunday at "Fairfields," complimentary to their very attractive visitor, Mrs. Sudie Stiles, of Elizabethtown. Their guests were Mrs. Stiles, Mr. and Mrs. Robt. E. Tipton, of Lexington; Mr. and Mrs. Jesse Highland, Mr. and Mrs. Lester W. Lee, Mr. and Mrs. Chas.

E. Duff, Miss Nancy Hall Clay and Rex Hall.

For Mrs. Mastin

Mrs. Clayton Howell was hostess at a luncheon Saturday at her home on the Winchester pike, in compliment to her guest, Mrs. Vernon Mastin, of Versailles. The luncheon table was beautiful, the decorations being in green and white, and a lovely menu was served. Mrs. Howell's guests were: Mrs. Mastin, Mrs. Henry Reid, Mrs. Walker Reid, of Missouri; Mrs. Charles A. Lindsay, Mrs. Colonel Gatewood and Miss Margaret Bogie.

Mrs. Trimble Entertains

The home of Mrs. B. W. Trimble was the scene of a beautiful party on Thursday when Mrs. Trimble entertained the C. W. B. M. Auxiliary with her annual birthday party. The programme was an interesting one. First, a tribute from each member to Mrs. Trimble, then Mrs. Hamilton read, "The House By The Side Of The Road" in her heartfelt way. Mrs. Caswell Prewitt gave imminently, "The Naming Of The Twins." Mrs. Jones read, "Thanksgiving Ann," featuring a song. As the forty-five guests bade Mrs. Trimble goodnight they each one voted it the nicest party yet.

Miss Anna Laura McCracken entertained at her home on Winn street Tuesday night in honor of her guest, Miss Ada Maher, of Lexington. Enthusiastic games were enjoyed and cream, cake and fruit were served.

The house was beautifully decorated in flowers of the season. Among those present were, Misses Ada Maher, of Lexington; Marie Stafford, of Ashland; Mabel Foley, Roxanna and Marian Hasty, Mildred Todd, Florence Anderson, and Messrs. Carroll, Raymond and Cliveden Sledd, William Maron, Johnson Prewitt, Fielder Vice, Howard Vice, of Lexington; Allie King Todd, Clayton Smoot, Willie and Bennie McCracken, Leland Hasty and Jimmie Prewitt.

The telephone trouble man can usually find something to work on.

Conventionality is great stuff. If you are an advertisement writer you call them "drawers," but if you are an editorial writer you must refer to them as "lingerie."

Advice is like castor oil, easy to give and hard to take.

PUBLIC SALE

On account of bad health I will offer for sale on

THURSDAY, AUGUST 5

AT 1:00 O'CLOCK

Thirty acres of good land located 1-2 mile from Camargo and 4 1-2 miles from Mt. Sterling. There are about 4 acres in vegetables; about 3 1-2 acres good tobacco; about 2 acres in corn. This is a splendid piece of land and has on it a good four-room house; 5 acre new tobacco barn and other necessary outbuildings.

At the same time and place I will sell the following:

Two horses, extra good ones, 5 and 6 yrs. old.
One cow, extra good milker.

Farming implements and household goods.

**He Feels Twenty
Years Younger**

**"It Was A Lucky Day For Me
When I Began Taking Tanlac,"
Says B. H. Chesher.**

"It certainly was a lucky day for me when I began taking Tanlac, for it has entirely relieved me of troubles that had followed me for thirty years," said B. H. Chesher, 1708 Indiana avenue, Louisville, Ky.

"For all these years I had suffered from stomach trouble and indigestion. My appetite had never been very good, it was seldom, if ever, I could find anything to eat that did not hurt me, and there were some things, such as pork or any kind of vegetables, I could not eat at all. After every meal my food would lie undigested and feel as heavy as a rock in my stomach. I gradually grew worse until when I started taking Tanlac I was in a run-down, weakened condition.

"It hardly seems possible that a medicine can so quickly relieve a person of troubles of such long standing like Tanlac has me. Why, while I have only taken two bottles, I have a splendid appetite and can eat just anything I want, pork, vegetables, or anything else, without ever having a sign of indigestion. Not only this, but I have gained several pounds in weight, and am so much stronger I feel almost like a different person. In fact, I am in good health every way, and feel at least twenty years younger. Tanlac is all right, and after what it has done for me, I gladly recommend it whenever I have an opportunity."

Tanlac is sold in Mt. Sterling, by Land & Priest.

**"I Lost My Best Customers Thru
Rats," Writes J. Adams.**

"Used to have the busiest Restaurant in town until news spread that the kitchen was infested with rats; lost a lot of my best customers until I tried RAT-SNAP. Haven't a pest in the place now. Restaurants should use RAT-SNAP." Three sizes, 25c, 50c, \$1.00. Sold and guaranteed by Chenault & Orear.

PROHIBITION HARD ON JAILERS

The Frankfort Journal, in a news item, says that the office of jailer "will probably be consolidated with that of Sheriff by the Legislature, for in some counties there has not been a prisoner in the county jail for more than a year, or since the dry laws became operative."

Can anybody in the face of this claim that national prohibition does not work, or that it is not a benefit?

The Get-There people take lightning for a torch and follow its track around the world.

**"MILLIONS FOR PROFITEERS;
NOT A CENT FOR SOLDIERS"**

Nothing has ever proven so thoroughly that we are dealing with politicians as the talk against the additional pay for soldiers.

A lot of politicians are saying that the proposed law "commercializes patriotism."

What are facts?

The leaders in Washington, Republican as well as Democratic, decided that we would have "Selective Service."

This was defended on the ground that every citizen "ought to serve where he could best serve."

If his place was in a shipyard, well and good.

If he could best serve in the coal fields, that was his place.

And if he could best serve abroad, he must serve abroad.

That was fair, provided every one was paid on the same basis.

We are asked by President Wilson, Secretary Baker and the Republican leaders to give as much credit to the shipyard worker and

the munition worker and the dock worker as we do to the soldier, because—"Each served in the place selected for him."

The soldier abroad ran the risk of being maimed for life, or killed, and we paid him a nominal wage. The selected worker at home ran no unusual risks and we paid him high wages.

And it is to be noted that some of the men who say it is an insult to the soldier's patriotism to offer to pay him a fair wage are extremely

sensitive about taking a share of excess profits from the American Woolen Company and similar corporations of the United States.—Cincinnati Post.

Women Who Suffer

Should find relief from their sufferings by taking the woman's Temperance Tonic and Nervine, which has helped so many women, some of them right in your neighborhood. When the household cares and the worries of everyday life have dragged you down, made you unhappy, and there is nothing in life but headache, backache and worry, turn to the right prescription, one gotten up by Dr. Pierce fifty years ago, which has helped many thousands of women in this country. It is called Dr. Pierce's Favorite Prescription and can be had in every drug store in the land, in tablet or liquid form.

**FRANKFORT, KY.—"After
motherhood I had such miserable
health for two years that I could
not get around to do my own
housework, most of the time I had
to keep to my bed. My back
ached and my nerves were in a
terrible state. I doctored and took every medicine
that was recommended to me, but
it was not until I took Dr. Pierce's
Favorite Prescription that I located
the right medicine, and it very
promptly relieved every symptom
of feminine trouble, and eventually
restored me to perfect health."**

EDUCATIONAL TOOTH TALK—
THE RIGHT START

Every mother values health for her children; she will make all sacrifices for them—yet she may neglect their teeth. Mothers' it is your business to safeguard your children's health and good looks. This duty is not complete if it does not include care of teeth. Clean teeth are more essential than clean hands. Provide each child with a tooth brush and teach his early in life how to use it. Reasonable cleanliness and reasonable care are ordinarily sufficient but if you are in doubt consult your dentist without delay. Give your children the right start in life.

Cattle continue to decline in price while the consumer pays just as much for his steak as he did a month ago. Commissioners are the only thing steady about the stockyards.

What's the use? If Father goes out at night, Mother will nag him when he gets back because he doesn't take her out somewhere like other husbands take their wives. And if Father stays home at night and offers to take her out somewhere, Mother will nag him because she doesn't want to go out, and will nag him because she hasn't a lot of nice clothes to wear like other men's wives have.

There may be people who criticize the acts of Congress, but Michael McGarey, employee of the Brooklyn navy yard is not one of those. An accident which he was struck with a heavy board, utterly demolished his set of false teeth, and Congress, bless its dear generous heart, approved a claim to buy Michael a new set.

Some lads are so strong for Economy that they make the same shirt last a whole week and never purchase any handkerchiefs because they have a thumb and a finger.
